

DETERMINE THE FUTURE OF FIVE ACRES FARM

Park Avenue Park Concept Plan

The City of Nanaimo recently unveiled five draft concepts for the City-owned Five Acre Farm property located at 933 Park Avenue. Four of five concepts include proposals to develop housing on a portion of the land. If this happens, the last historic five acre farm in Harewood will be lost forever.

The City is seeking public feedback via an open house and a survey. Growing Opportunities supports the only draft concept that preserves the entire five acre site for agricultural and community use (concept 5, carrot).
